## DISCUSSION

- Requires scrolling, which is a disadvantage
- One thing at a time shown to user
- Is all of the info useful?

# FOCUS

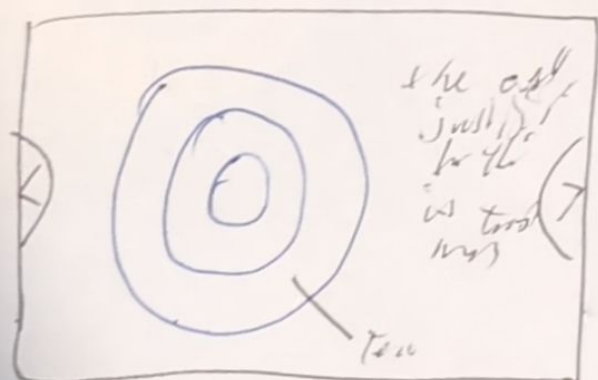

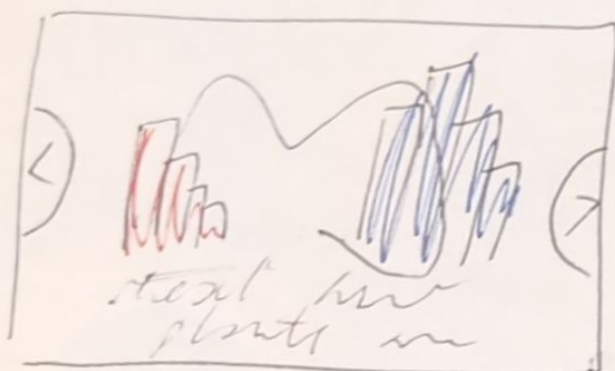

# DISCUSSION

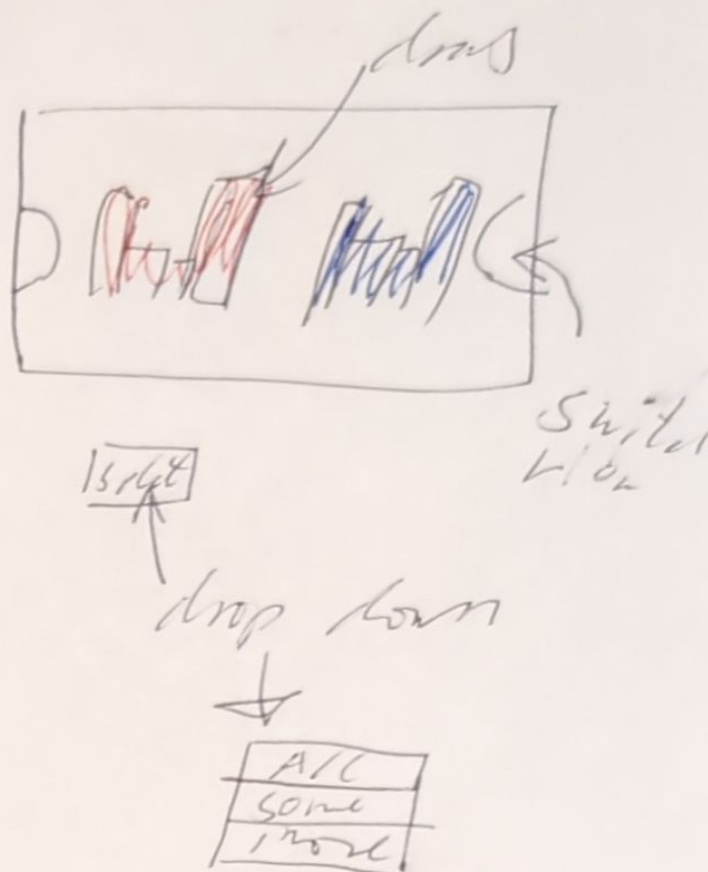

- Less whitespace
- Possibly too much info @ once
- Needs more stuff (idions?)

## Discussion

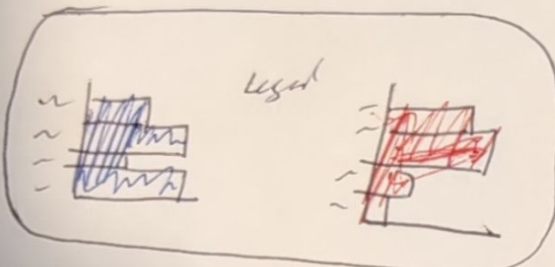

- more focused
- less info
- way too much white space
- interaction heavy

## Discussion

- Still some unused  
whitespace but not  
as bad
- would have liked more  
idions but out of  
data:1.
